bernette sublime is conquering the world of sewing!

Fulfilling your every creative desire, the bernette Chicago 5 will also wow you with its appealing youthful design. This robust sewing machine boasts a wealth of decorative stitches and many practical features to make your sewing easier and even more enjoyable. With the bernette sublime series, we offer high-quality workmanship at a reasonable price – sewing machines that meet the expectations of both young and experienced creatives.

Improved hook system with drop-in bobbin system

The newly revamped bobbin unit lets you simply drop in the bobbin from the top – a clever and time-saving touch. The arrow marking on the gripper finger ensures easy, accurate threading. The slide bobbin cover means you're ready to resume sewing in no time flat.

LCD display and infinitely adjustable speed control

Once the appropriate stitch pattern is selected, it appears in the LCD display with the recommended default setting. The speed control allows infinite adjustment of the maximum speed. The electronic motor control ensures uniformly strong needle-penetration power.

Infinitely adjustable stitch width

Lets you perform even fiddly tasks with precision.

1-step buttonhole

Perfect buttonholes matched to the size of the button in no time.

Needle stop up/down

Needle automatically stops in the 'up' or 'down' position, depending on the pre-setting.

Thread cutter

One thread cutter on the head frame and a second one built into the needle plate on the left make cutting the thread simplicity itself.

Free-arm

Removing the extension table gives access to the free-arm, which enables you to sew sleeves and other closed or tubular textiles with ease.

Feed-dog drop

Simply move the slide to lower the feed dog for darning and free-motion sewing.

Chicago 5

Versatile yet easy to operate

Thanks to its ergonomically arranged direct-selection keys, the bernette Chicago 5 is straightforward to operate, making sewing and quilting a breeze. Creatives will be quick to appreciate the versatility of this sewing machine, whether using it for simple alterations or repairs, decorations with a personal touch, garment making, or larger sewing projects. The bernette Chicago 5 offers a wealth of options for giving creative expression to your own ideas. Over 150 decorative stitches, 20 quilting stitches, 2 alphabets, and satin and stretch stitches with a maximum stitch width of 7mm are guaranteed to set your creative pulse racing. And thanks to the automatic one-step buttonhole and a simple threading system, all sewing projects can be accomplished quickly and easily.

Compact and practical

With its compact dimensions, the bernette Chicago 5 takes up less storage space in the home – good news for households where space is at a premium. Its handy size also makes it a popular companion on your travels, or at workshops and courses. The free-arm with built-in slide-on table provides a practical storage space for keeping the various presser feet and other accessories close to hand. The flip-top lid not only protects against dust, but has a summary of all stitches and stitch patterns on its inside for quick selection. An LED system provides bright illumination of the sewing area around the needle, and the built-in scissors at the front are always ready to hand for easy use during the sewing process.

my city my bernette

Start/stop button
The start/stop button lets you operate your sewing machine without using the foot control – a particularly comfortable option when sewing for any length of time.

Semi-automatic threader
Quick and easy threading of the needle in next to no time.

7mm stitch width
Especially handy for decorative sewing. Create attractive borders and appliqués with minimum effort.

Flip-top lid
The flip-top lid protects against dust; open it to reveal an at-a-glance summary of all stitches and stitch patterns on its inside.

Direct-selection keys
The direct-selection keys enable quick and easy direct selection of 10 different sewing patterns.

Scroll function
Four scroll buttons allow for quick and easy stitch selection.

LED sewing light
Optimised illumination of the sewing area – especially the area around the needle.
